EXPERIENCE

Software Engineering Intern | Aug 2025 – May 2026

ViralHit (Remote)

- Built a scalable ERP interface builder for visually creating business applications
- Developed drag-and-drop UI system with reusable components and Zustand state management
- Implemented dynamic forms, tables, and multi-page workflows
- Optimized performance and responsiveness for complex interfaces

IT Support Intern | May 2025 – Jul 2025

Public Service Transport Service

- Resolved hardware, software, and network issues across internal systems
- Supported ERP platforms, websites, and system infrastructure
- Improved reliability through troubleshooting and user support

PROJECTS

Attendance Management System (Production)

- Built a full-stack attendance & event system with QR-based and manual tracking
- Implemented JWT authentication, real-time analytics, and event lifecycle management
- Actively used in a real-world academic environment

Charity Management System

- Full-stack System with role-based dashboards for Admins, Charities, and Donors.
- Authentication, campaign management, donation tracking, and Chapa payment.

IPMapper

- React app that locates any IP or domain on a map using IPify and Google DNS. Auto-detects user IP on load. Built with React, Leaflet, and CartoDB tiles.

SKILLS

Frontend: React, Next.js, TypeScript, Tailwind, HTML, CSS

Backend: Node.js, Express, REST APIs

Database: PostgreSQL, MongoDB, Prisma

Tools: Git, GitHub, Vite

Concepts: JWT Auth, State Management, Responsive Design

EDUCATION

Addis Ababa University | 2023–2026

BSc in Computer science

CERTIFICATES

Programming Fundamentals – UDACITY nano degree

AI Fundamentals – UDACITY nano degree

LANGUAGES

English – Proficient

Amharic – Native
